

Industrial Security Announcement

The PM4/8-SA Multi-Zone Paging Microphones with built-in MP3 Message Announcer can be used in conjunction with an external trigger device such as a Infrared motion sensor (PIR)- this enables fully automatic announcement of customised security announcements and chimes.

AUTOMATED MESSAGE ANNOUNCER		
	MESSAGE	ZONES
1	(Loading-Bay Door Chime)	2,3,4
2	(Office Door Chime)	4
3	"You are entering a hazardous work area, please ensure you have the appropriate personal protection equipment"	3
